

Education Studies in Australia & New Zealand

Australian and New Zealand universities are world leaders in Education and Teaching. You can find any type of education-related study you are interested in at these institutions. Studying education in one of these countries will give you insight into how the education systems function in other countries, and both Australian and New Zealand universities are highly regarded throughout the globe. State-of-the-art facilities and world-class faculty will provide you with an impressive and enjoyable learning environment, and having international experience on your resume will not only broaden your own horizons and personal perspectives of the world, it will make you all the more attractive to potential employers.

Semester/Year Abroad at an Australian or New Zealand University

Earn credit towards your undergraduate degree program—take classes in your major and minor, electives, or something unique to these countries.

Universities in Australia and New Zealand have some of the best curriculums in the world and offer a very wide variety of education studies courses you can take, including:

- | | |
|----------------------------|----------------------------------|
| Deaf Studies | Outdoor Education |
| Early Childhood | Physical Education |
| Educational Administration | Science and Technology Education |
| Educational Counseling | Special Education |
| Higher Education | TESOL./ESL |
| Learning Management | Teaching—Primary and Secondary |
| Math Education | Translation and Interpreting |
| Music Education | |

See the following pages for featured universities and other abroad opportunities related to these areas of study.

From our Alumni

"As an education major, experiencing a different system of study was very helpful. Not only did I gain life experience, but also, studying within the Australian system increased my ability to adjust to dynamic variants within the classroom."

- A. Bauer, Saginaw Valley State University

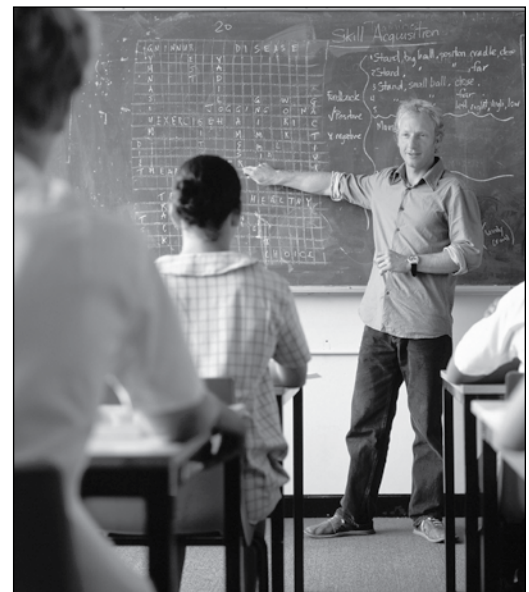

"Studying abroad has enabled me to realize how incredibly large and diverse the world can be. You never truly realize what is outside your own boundaries until you take a step - or a leap - and experience the possibilities. This experience has had a huge impact on my career goals and helped me grow as a person culturally and intellectually."

- L. Misosky, Indiana University of Pennsylvania

About AustraLearn

AustraLearn is a leading provider of educational abroad programs to Australia, New Zealand, and the South Pacific. Having sent over 18,000 students abroad in the last 18 years, AustraLearn strives to offer programs that are both academically and culturally enriching for students. Semester/year study abroad, internship, degree, and summer programs are all available through AustraLearn.

AustraLearn provides a full range of services to assist students with the process of preparing for a successful abroad experience. The cornerstone of AustraLearn's program philosophy is integration with local cultures. Our overseas support center is available 24/7 to assist students while abroad, and we provide scholarship opportunities for most AustraLearn programs.

Education Studies in Australia & New Zealand

University Locations

Bond University - Gold Coast, Australia

Bond University has a strong linguistics program for those who wish to Teach English to Speakers of Other Languages (TESOL) and Languages Other Than English (LOTE), as well as language and cultural studies programs in Spanish, French, Japanese, and Mandarin Chinese. The University also offers education-related degrees at the undergraduate level in Children's Services and, at the postgraduate level, to qualify for Australian teacher registration. The personal teaching style of our small classes, highly qualified academics, and state-of-the-art facilities all add to the benefits of complementing studies in Education with a study abroad semester at Bond.

Sample Education Studies classes available at Bond University:

CHLD 11-101	Early Childhood Development	CHLD 13-306	Early Childhood Professionals
HLSC 11-104	Families, Groups and Communities	EDUC 12-128	Australian Schools and Education Systems
HLSC 12-122	Developmental Disabilities	LING 11-100	Introduction to Linguistics
HLSC 11-102	Human Development	LING 11-101	Language Teaching Methodology
LING 12-203	Course Design	CHLD 13-305	Historical Perspectives and Current Trends in Child Services

Highlights of the Education Studies Program at Bond University:

- The campus has its own fully accredited English Language Institute on site where TESOL students can gain first-hand experience teaching English to people from overseas.
- Teaching practicums are a key element of Bond's education programs, enabling students to experience teaching in Australian schools.
- Children's Services students participate in field trips that will enable them to compare Australian and U.S. Children's Services.

Special Offerings in Education Studies at Bond University:

Students enrolled in any Children's Services subjects have the opportunity to attend a number of conferences, free of charge, related to various early childhood topics, presented by local, national, and internationally renowned professionals. Bond also has a high percentage of students from overseas countries (approximately 50%) who bring a truly international perspective to the classrooms, discussions, and campus social life.

Griffith University - Brisbane and Gold Coast, Australia

The Faculty of Education is one of the largest teaching areas of the University. Degree programs for more than 3000 undergraduate students are offered in primary and secondary teacher education, adult and vocational education, training, special education, music education, applied theatre, and technology education.

Sample Education Studies classes available at Griffith University:

Queensland University of Technology - Brisbane, Australia

CRICOS 00213J

Queensland University of Technology (QUT) is home to the largest and most comprehensive Faculty of Education in Australia. QUT has Australia's largest concentration of educators in mathematics education, science education, and vocational education. They provide innovative teaching and cutting edge research in science related education. The Faculty of Education is globally-connected, working with Aid agencies (AusAID, ADB, and WB) and a range of government agencies (e.g., in China, Vietnam, Malaysia, Papua New Guinea) for social improvements through learning programs and globally relevant research.

Sample Education Studies classes available at Queensland University of Technology:

CLB049 The Global Teacher	EAB013 Early Childhood Society, Environment and Health Education
EDB007 Culture Studies: Indigenous Education	MDB030 Understanding and Educating Gifted Learners
MDB383 Using Technology In The Curriculum	CLB403 Gender And Sexuality Issues For Teachers
MDB384 Science Education	CLB401 Cultural Diversity And Education

Highlights of the Education Studies Program at Queensland University of Technology:

- The strong practical theme of all courses and a diverse range of subject offerings means that you are not limited by the employment opportunities offered by classroom teaching alone.
- QUT brings Queensland into the classroom with a rainforest as one of the facilities for primary science. There is also a potting shed and pond in the outdoor curriculum area as well as a weather station and specialist curriculum rooms.

Special Offerings in Education Studies at Queensland University of Technology:

Math, science, and technology education students have wide exposure to specialised software in fully-equipped digital learning spaces including computer laboratories and specialised curriculum rooms. QUT believes technologies are essential tools within a balanced mathematics, science, and technology education program. Teachers must be prepared to serve as knowledgeable decision makers in determining when and how their students can use these tools most effectively.

University of Melbourne - Melbourne, Australia

THE UNIVERSITY OF
MELBOURNE

CRICOS 00116K

The Faculty of Education at the University of Melbourne is one of Australia's most respected and innovative schools of education and training. The curriculum is progressive, forward-thinking, and inspired by contemporary themes in educational learning and research. They offer an extensive range of subjects which will enhance your understanding of Australia's education culture and distinguish your experience abroad. Examples include developing an understanding of Australia's indigenous youth cultures; investigating creativity, arts, and artistry in learning communities; examining the significance of sport in society; debating the significance of citizenship and its meaning for children and youth; or gaining teaching experience in a local Australian school.

Sample Education Studies classes available at University of Melbourne:

460-150 School Experience: International	485-137 Education in Natural Landscapes
485-146 Sport Coaching: Theory and Practice	485-147 Sport and Education in Australian Society
460-671 Creativity, Play and the Arts	460-692 Citizenship, Participation and Well-being
460-674 Creative Projects - Digital Technologies	460-677 Understanding Knowing and Learning

Study Internship
Combination
Available

Highlights of the Education Studies Program at University of Melbourne:

- Emphasis on teaching and learning in a different educational context, including opportunities to undertake supervised teaching placements in local schools.
- Access to a progressive curriculum, designed to expand your thinking in new ways and into new areas.
- Opportunity to study under the leadership of world-renowned academic staff who are at the forefront of teacher education and training in Australia and the Asia-Pacific.

Special Offerings in Education Studies at University of Melbourne:

Melbourne's classes are underpinned by a strong nexus between theory and practice and include opportunities to undertake practical field trips to significant ecological sites (the Great Ocean Road, Wilson's Promontory), urban and rural indigenous communities, or to local schools and sporting associations. Some courses also provide opportunities for professional accreditation (such as sports coaching).

View complete university profiles and more available classes at www.australearn.org/Education

University of Newcastle - Newcastle, Australia

The School of Education at the University of Newcastle is situated primarily at the University's Callaghan and Ourimbah campuses. The School is known throughout Australia for the quality and comprehensiveness of its programs, its creative approach to teaching, and the success of its graduates. It has a particular expertise in pedagogy with students very skilled in Quality Teaching dimensions. It also enjoys a strong research record as shown by research grants, staff publications and conference presentations, and by the high number of postgraduate research students.

Study Internship
Combination
Available

Sample Education Studies classes available at University of Newcastle:

EDUC1003	Learners and the Learning Process	EDUC1004	Contexts of Teaching 1
EDST2030	Behavior & Classroom Management	EDST2040	Planning for Teaching
EDST2500	Learning Through Play	EDST2400	Approaches to Early Childhood Curriculum
EDST2200	Science & Technology in Classrooms	EDST2420	Emerging Literacy & Numeracy
EDST2410	Learning through Creative Arts 0-5	EDUC1015	Foundations of Health & Physical Education

Highlights of the Education Studies Program at University of Newcastle:

The University of Newcastle has particular expertise in Primary education and has strong connections to the professional school community in the region and in the State. The New South Wales Quality Teaching model of pedagogy is strongly associated with the University of Newcastle.

Newcastle's School of Education offers teaching specializations in English, design and technology, mathematics/computing, music, science, health and physical education, visual arts, vocational education and training, special education, and sensory disability (vision or

University of Otago - Dunedin, New Zealand

Education Studies at the University of Otago not only provides a foundation for all teaching, but for all careers that require critical thought, interactions with people, an understanding of human development and learning, policy analysis, and advanced communication. The University of Otago College of Education offers a range of teacher education programs as well as offering a range of education study courses providing critical analysis of contemporary educational theories, policies and practices to promote understanding of education, and to enhance educational planning and processes.

Sample Education Studies classes available at University of Otago:

EDUC 101	Social Foundations of Education	EDUC 253	Making Learning Happen
EDUC 102	Human Development	EDUC 254	Family Resources, Culture & Education
EDUC 252	How People Learn	EDUC 318	Gender Issues in Education

Highlights of the Education Studies Program at University of Otago:

- An extensive variety of classes enabling education oriented study across a broad spectrum of fields from History, Sociology, Psychology, Epidemiology, Social Work, and other Business related areas.
- Information technology initiatives are readily incorporated into course content.
- Diversity across subjects ranges from those with a global perspective to those with a distinctly New Zealand flavor. These include classes focusing on inclusive education, gender issues in New Zealand education, and the relationship between educational practices, social structure, and social change.

Special Offerings in Education Studies at University of Otago:

- Students are taught by research active scholars, are expected to undertake a diverse range of learning tasks, and are challenged to develop their intellectual independence.
- Many Otago lecturers are leaders in their fields with high public profiles and national and international reputations.
- Smaller classes are a major delivery mode rather than lectures, so students get to know their lecturers well. They also get to know each other very well and provide each other with additional support.

View complete university profiles and more available classes at www.australearn.org/Education

University of South Australia - Adelaide, Australia

The School of Education at University of South Australia (UniSA) offers a diverse and wide range of classes across the different types of education: Early Childhood (kindergarten), Junior Primary, Primary, Middle, Secondary, Adult, and Vocational and Workplace Learning. All pre-service (pre-registration) degrees are recognized by Teacher Registration Authorities across Australia. Graduates of UniSA School of Education have consistently been highly sought after in all international education settings as teachers and education advisors.

Sample Education Studies classes available at University of South Australia:

EDUC1062	Facilitating Learning with Adults	EDUC1007	Christian Scriptures A
EDUC1008	Myth, Ritual and the Sacred	EDUC1006	Religions of Australia
EDUC2010	Sporting Mind and Body	EDUC1005	Group Dynamics in Action M

Highlights of the Education Studies Program at University of South Australia:

- Students may be able to include a practicum experience in a school or other education setting.
- All academic staff are research active and are committed to the practical experience as central teacher education.
- Our courses include regular on-campus workshops and lectures, online resources, and discussion boards.

Special Offerings in Education Studies at University of South Australia:

With over 2,500 students, UniSA is the largest university school of education in South Australia and one of the biggest in Australia. In one Study Period (one semester), Study Abroad students may commence study in a new minor, or extend their previous study. Through negotiation with our Program Director, overseas students may determine a work and visitation schedule with various employers to find out about how Australia's various systems work. Many courses have school visits outside the practicum courses, and by taking these courses, students will gain an insight into specialist teaching.

University of Sydney - Sydney, Australia

CRICOS 00026A

The Faculty of Education and Social Work at the University of Sydney is one of the largest and most educationally stimulating faculties in its field in Australia. A large number of interesting and challenging undergraduate and postgraduate units of study are offered. The teaching expertise of faculty staff ensures a high quality learning environment with research-led teaching forming the basis of much Faculty activity.

Sample Education Studies classes available at University of Sydney:

EDUH 4052	Learning in Outdoor Education	EDUF 3034	Australian Theatre, Film & Learning
EDUH 4053	Indigenous Sport, Education & Culture	EDUF 3112	Sports, Leisure & Youth Policy
EDUH 4058	Sport and Learning in Australian Culture	SCWK 3006	Illness, Inequality & Intervention
SCWK 4003	Violence in Families	SCWK 3007	Social Justice, Social Citizenship & Social Work

Highlights of the Education Studies Program at University of Sydney:

- Based on sound contemporary learning theory, learning and assessment in each unit of study is structured around students' first-hand experiences of Australian cultural and educational practices provided by field trips to relevant sites.
- The integration of lectures, readings, field trips, and assessment provides for comprehensive understandings of unit content. Through this approach, and the particular content of the units of study in the program, international students will also gain valuable insights into, and understanding of, Australian culture and society.

Special Offerings in Education Studies at University of Sydney:

The Faculty of Education and Social Work offers a new program of study specifically designed to suit the needs and interests of international students studying at the University of Sydney. Those units are: Sport and Learning in Australian Culture, Indigenous Sport, Education and Culture, Learning in Outdoor Education, and Australian Theatre, Film and Learning. Each of the four units of study in the program examines distinct aspects of Australian culture with a focus on children and young people's learning and development. While all units of study in the program are concerned with learning, it is viewed from a broad perspective that goes well beyond that which takes place in schools and classrooms to include sport, leisure, entertainment, and other cultural activities.

View complete university profiles and more available classes at www.australearn.org/Education

University of Tasmania - Hobart, Australia

University of Tasmania's Faculty of Education utilizes flexible delivery options to offer a range of course options for students interested in the areas of Education, Teaching, Human Movement, Early Years Education and Care, and Adult and Vocational Education. The Faculty's close proximity to and relationships with external professional agencies provide students with the opportunity to undertake professional experience, research, or special projects in the professional community.

Sample Education Studies classes available at University of Tasmania:

Summer and January Short Courses in Australia and New Zealand

AustraLearn offers a variety of short-term programs covering a variety of different academic areas in Australia or New Zealand. Most programs run during the summer, and two also run in January. If you can't do an entire semester abroad, a short course is the perfect opportunity to still experience these incredible countries while learning a new skill or enhancing an interest.

A sampling of the programs available to you:

Challenge New Zealand – Leadership Development – two-week program in January or June. Develop your leadership skills through immersion in the New Zealand culture, seminars and lectures, a service project, and an awesome outdoor recreation program.

Edge of the Outback: A Photographic Journey Through Rural Australia – three-week course in July. All equipment provided, no experience necessary.

Regional Australian Field Studies: Mountains, Coast and Outback – 3-week program in January or June/July. Enjoy lectures and a 10-day field studies trip to some of Australia's most beautiful places.

Cirque de la Ville Vivant: Contemporary Performance in Australia – four-week course in June. Study performance, acting, dance and circus arts in Australia's cultural capital, Melbourne.

The Australian Experience – four- or six-week courses during the summer covering geography, history, culture, ecology, environmental management, with lots of field trips.

Tourism Planning and The Environment – three-week course in June/July near the beautiful Byron Bay area of eastern Australia focusing on tourism and how it affects the environmental, with lots of day and weekend field trips.

Film and TV Production: The Melbourne Film Experience – three-week course in June/July where students produce a short film from concept to completion, plus get special access to the world-renowned Melbourne International Film Experience.

Wanju Boodjah: Aboriginal Studies in Western Australia – 4-week program in June/July in one of the most scenic parts of Australia, with field trips and lectures from some of Australia's leading experts in Aboriginal studies and culture.

Learn more about AustraLearn short courses at www.australearn.org/Education

Internships in Australia and New Zealand

As an education student, AustraLearn also can set up professional internships for you, including teaching placements. An internship in Australia or New Zealand presents an independent opportunity to be completely immersed within the culture and work environment. We offer two different types internships: pre-arranged for academic credit and custom designed. Both are full-time work placements at Australian or New Zealand schools or organizations and do not involve university study.

PDAC INTERNSHIPS

The Professional Development for Academic Credit (PDAC) Internship placements are 10-week, pre-set, and high quality professional development opportunities for six academic credits. These internships are currently offered three times a year and placements are available in almost every field of study.

Through an education or teaching placement with AustraLearn, students can achieve vital experience in their field of study. Placements will depend on the applicant's area of specialization. AustraLearn's Internship Manager will work with each applicant to match up their learning goals and interests with the best available internship placement.

CUSTOM DESIGNED INTERNSHIPS

AustraLearn Custom Designed Internships are available in most every field of study. These very independent placements do not include credit however, they are a fantastic opportunity for students to get the type of internship they are seeking through a partnership with AustraLearn, and offer maximum flexibility: students get to set the length and when they go.

STUDY INTERNSHIP COMBO PROGRAMS

Semester-long study internship combination programs are also available at some Australian or New Zealand universities. This options allows you to take a part-time load of classes (typically 1-3) plus a part-time internship.

Featured Study Internship Combination Program: University of Melbourne

The Faculty of Education at the University of Melbourne offers Education placements in pre-school, primary and secondary placements throughout the academic year. The Faculty has the oldest and longest running teacher education program in Victoria, so students have access to be placed in a variety of school settings and environments that include rural, regional, and inner-city government schools, Catholic and Independent (Private) schools, and have access to diversity placements in indigenous schools around the country. Students who are studying early childhood, primary, secondary or vocational/training in relevant schools can be placed depending on the needs of the student. All placements are competitive and cannot be guaranteed, and are subject to change.

Graduate School Abroad

Earn your entire graduate degree abroad from a choice of more than 30 universities. Complete a master's degree in as little as one year or a PhD in as little as three. Universities in these countries are ranked highly on the international scale and renowned for their academics, faculty and research. The GRE exam is NOT required, you can get U.S. government financial aid, and costs are, in many cases, cheaper than comparable programs at North American universities.

AustraLearn is the designated North American contact for 31 universities in Australia and New Zealand. AustraLearn provides program and enrollment counseling as well as a range of other services (financial aid, student visa, airline tickets, accommodation, etc.) to assist you with not only applying to universities abroad, but to actually get there. To search for a university offering your preferred degree program, go to www.australearn.org/Education and click on "Degree Programs".

Study Opportunities in Other Regions: Fiji, Asia, or Europe

AustraLearn also offers a semester or year abroad program to the **University of the South Pacific in Suva, Fiji**. Fiji is a fascinating place to study education. Despite being an underdeveloped nation, literacy stands at 97%, and Fiji is regarded as the educational center of the South Pacific.

Interested in studying in another part of the globe? Through **AsiaLearn** and **EuroLearn**, sister organizations to AustraLearn, you can spend a summer or semester in **Asia in China, Hong Kong, Malaysia, Singapore, or South Korea**, or undertake an undergraduate **research program** at in Europe through the **EuroScholars** program.
